EXTERIOR DESIGN

European model shown.

The sleek headlight design perfectly blends into the clean lines of Jaguar I-PACE to underpin its futuristic design language, along with satin paint, integrated LED lights and signature double 'J' blades.

Jaguar I-PACE features a bold front grille shield and a sculpted hood scoop for an aerodynamic appearance. The muscular haunches create a powerful stance.

The Black Exterior includes Gloss Black side window surrounds, a Matte Graphite Atlas shield with Gloss Black surround and Gloss Black wing mirror caps. Black badging completes the look.

European model shown.

INTERIOR DESIGN

European model shown.

For outstanding refinement, sophisticated motor encapsulation reduces sound while the crisp exterior design minimises wind noise.

The Jaguar I-PACE fully-electric architecture allows us to combine luxury craftsmanship, with a generous 25.3 cu.ft of cargo space within the car's interior.

Your I-PACE is available with either Sports or Performance Seats in Windsor Leather.

 BUILD YOUR OWN

THRILLING TO DRIVE, EASY TO LIVE WITH

Experience the electrifying performance of Jaguar with the benefits of electric driving, such as an eight-year warranty[^].
